Malachite Resources Limited (Company) announced on 26 September 2012 a capital raising by way of 1 for 9 pro-rata non-renounceable rights issue that does not require shareholder approval, with 1 attaching option (with the options to be quoted on ASX) being issued for every 2 new shares issued. Funds raised from the Rights Issue will be used working capital purposes and to continue with the development of the Lorena Gold Project.

Each shareholder registered on the Company's register of members at 7.00 pm (Sydney time) on 15 October 2012 (Record Date) will be entitled to subscribe for 1 new fully paid ordinary share in the Company for every 9 ordinary shares held as at the Record Date at a price of \$0.01 per new share. Fractions of shares will be rounded up to the nearest whole number. In addition to being able to apply for new shares under the rights issue, eligible shareholders who take up their full entitlement under the rights issue will also have the opportunity to apply for additional new shares that are not subscribed for under the rights issue.

It is intended that new shares issued as a result of entitlements taken up will be quoted on Australian Securities Exchange (ASX) and will rank equally with existing issued ordinary shares of the Company.

Each attaching option will have an exercise price of \$0.015 and an expiry date of 31 March 2015. The Company will apply for the attaching options to be quoted on ASX. The maximum number of new options to be issued is 44,685,595.
